Enhancing Shine Spray for Show Pigs

The ultimate show day, show ring shine spray for swine. The deep, color enhancing shine of High Definition creates added dimension and freshness to the hide of your show pig. High Definition features a balance of light weight natural ingredients that softens hair and deepens the color tone of darker pigmented show pigs. Great for swine of all colors. You will be impressed with the deep, natural shine that radiates from your show pig with High Definition.

Directions:

Ready to use. Lightly spray over the entire animal, brush in, and lightly mist with water before entering the show ring. For use at all shows that allow oil based-products. Does not need to be washed out.

Keep out of Reach of Children

For external Use Only

Shake Well
