

Spark'd

Sullivan Supply

Electrolyte Nutritional Supplement for Swine

Spark'd is more than just an electrolyte! It provides a combination electrolytes, proteins, amino acids, vitamins, and trace minerals all in one high performance formula.

Tremendous for muscle hydration, added definition, and body fill whether at home or on the show road. When the animal hydrates with Spark'd, depleted muscle cells are restored, providing a freshened appearance and more expansion over the back and top of shoulder. Supports long term healthy muscular development, muscle growth and density. Good for healthy digestion and stable gut health along with metabolic balance during heat and cold stress. Quick responding, Spark'd is tremendous during times of stress or low feed intake. Animals love the irresistible flavor of Spark'd.

Feeding Directions: FOR HOGS: Spark'd is a dry matter product that can be top dressed on top of feed or added to water as a drench. Administer two scoops totaling 3 ounces of Spark'd every 12 hours for 2 days leading up to show day. For best results, feed daily for 5 to 7 days leading up to a show.

Guaranteed Analysis:

PER 80 grams (2 scoops):

	Target	UOM
Crude Protein (min)	2.0	%
Crude Fat (min)	0.03	%
