

All-Natural Equine Hydration Beverage©

Gallagher's Water™

NO SUGAR ADDED!

What is Gallagher's Water?

Gallagher's Water is an all-natural flavor-enhancement power mix designed to encourage horses and other livestock to drink water.

Best if served daily to prevent dehydration-and as needed for rehydration after workouts, to encourage horses to drink during travel, to aid in dispensing medications or as a treat.

How to Use:

1. Fill a 2- gallon bucket with fresh water.
2. Add 2 scoops of Gallagher's Water.
3. Stir until mixed and serve immediately

For tips on how to best serve your horse, please visit GallaghersWater.com

- Not intended to serve free-choice or as a replacement for your horse's drinking water.
- Always have fresh water available for your horse.
- Consult your veterinarian when introducing a new product.
- Contents not intended for human consumption.
