

# All-Natural Livestock Hydration Beverage©

## Gallagher's Water™

**Farm & Ranch for:** Horses, cattle, sheep, goats & chickens.

*What is Gallagher's Water?*

Gallagher's Water is an all-natural flavor-enhancement power mix designed to encourage horses and other livestock to drink water.

**Best if served daily to prevent dehydration** and as needed for rehydration after workouts, to encourage horses to drink during travel, to aid in dispensing medications or as a treat.

### How to Use:

1. Add 1 scoop of powder per 1 gallon of water. Standard serving for horses is 2 scoops in 2 gallons of water. For chickens, goats & sheep, use 1 scoop for 1 gallon of water, for cattle use 2.5 scoops for 2.5 gallons of water.
2. Stir until mixed and serve immediately

For tips on how to best serve your horse, please visit [GallaghersWater.com](http://GallaghersWater.com)

- Not intended to serve free-choice or as a replacement for your horse's drinking water.
- Always have fresh water available for your horse.
- Consult your veterinarian when introducing a new product.
- Contents not intended for human consumption.
