High Protein

Contains Antioxidants

Feeding Instructions

The following feeding program is recommended as a guideline only, with discretionary clinical adjustments for proper weight maintenance. With your veterinarian's approval, offer increasing amounts of the new food with decreasing amounts of the old food.

Body Weight (lbs)	Approximate Number of 8 oz cups/day *
3-12 lbs	3/8 – 1-1/8
13-20 lbs	1-1/8 – 1-1/2
21-35 lbs	1-5/8 – 2-1/4
36-50 lbs	2-1/4 – 2-3/4
51-75 lbs	2-7/8 – 3-2/3
76-100 lbs	3-3/4 – 4-1/2
Over 100 lbs	4-1/2 cups plus 1/4 cup for each 10 lbs of body weight over 100 lbs

*Using a standard 8 oz/250 ml measuring cup which contains approximately 105 g of JM JOINT MOBILITY® canine formula.

Provide adequate fresh water in a clean container for your dog daily. For your pet's health, see your veterinarian regularly.

***Puppy Feeding Instructions:**

Feed your puppies all of the food they will consume, up to twice the amount of adult

dogs, at intervals throughout the day. The food intake required to maintain ideal body condition may vary depending on age, activity and environment. Consequently, the amount of food required for each dog will vary and should be adjusted accordingly.
